EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 1-42 directed to an invention non-elected without traverse. Accordingly, claims 1-42 been cancelled.

2. The following is an examiner's statement of reasons for allowance: the prior art of record including Anctil et al. (U.S. 5,922,0030) and Lim et al. (U.S. 5,540,7080) fail to disclose or suggest the method including the steps of effecting relative rotation between the distal tip and the body about a central longitudinal axis of the distal tip with the outer member in a longitudinally retracted position to move a cutting window of the distal tip to a selected directional position about the central longitudinal axis; advancing an inner member of the angled tissue cutting instrument distally within the outer member with the cutting window in the selected directional position to move the outer member from the longitudinally retracted position to a longitudinally extended position; and securing the outer and inner members to maintain the outer member in the longitudinally extended position such that the cutting window is locked in the selected directional position.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
